

IT Essentials 5.0

8.2.4.4 Worksheet – Mobile Device Information

Print and complete this activity.

In this activity, you will use the Internet, a newspaper, or a local store to gather information and then enter the specifications for an Android and iOS device onto this worksheet. For both devices, you will identify common operating system features. Be prepared to discuss your decisions regarding the devices you select.

1. Select an Android and iOS device to research. Record the hardware specifications in the boxes below.

Specifications:	Android Device:	iOS Device:
	Selection:	Selection:
Manufacturer		
Operating System		
Available Memory		
Battery Information		
Screen Size and Resolution		
Size and Weight		

For each device, specify the pathway to the given operating system feature and list available options for that feature.

2. The **About** Screen

Device:	Pathway	Features/Information

3. **Software Updates**

Device:	Pathway	Features/Information

4. **Reset** Options

Device:	Pathway	Features/Information

5. Cellular Usage

Device:	Pathway	Features/Information

6. Date and Time

Device:	Pathway	Features/Information

7. Based on your research, which mobile device would you select? Be prepared to discuss your decisions regarding the mobile device you select.
